Last chance to experience PY1 Nights

CLOSING PARTIES FOR EACH WORLD

Montreal, August 27, 2019 - As the PY1 pyramid will soon be moved to Miami, the PY1 Nights are still in full swing. September is the last opportunity for guests to discover or rediscover the thematic nights. To mark the end of the season, PY1 Nights offer a last night for each of the themes before departing and conquering new audiences. To consult the schedule for these last nights, you can refer to the September timetable below.

SUNSET EDITIONS, COLLABORATIONS AND ONE SPECIAL THEME

To mark the end of the thematic nights in Montreal, a few special editions are emerging in September. Two Sunset Editions taking place in Eye Wonder (Thursday, September 5), and Candy World (Thursday, September 12) will take place from 5-11pm. On September 6, PY1 Nights welcomes beloved Techno homegirl Misstress Barbara to the turntables for a special edition as the "Worlds Collide". This event is perfect for those who already have visited the seven worlds, and for those who have not had the chance to experience all seven themes and want to complete a final lap.
